Official Sales Offer

Tanks manufactured in 2008, with only one year of service which ended in 2009

Product stored was NGL. 60% propane, no water with remaining product being a mixture of typical pipeline gas "anes".

We have spoken with the location field supervisor of twenty years and he advised on a scale of 1-10, that the tanks are an 9.0, and they're ready service as they currently sit.

Pricing is \$1.75 per gallon individually AS IS condition. \$1.25 per gallon take all OBO

Loading and trans cost quoted at time of purchase, if required.
